Report

In his dispatch No 33, dated March 8th 1870 Mr Brown tendered his resignation and it was accepted on the 2^d June last. I suppose he had not recd notice of the acceptance of his resignation when this dispatch was written. I know nothing of Mr Hutton. It is a question worth considering whether the consulate had not better be abolished unless some American citizen will take it. Mr Brown is a British subject and I suppose Mr Hutton is the same.

I crave leave to bring under
your notice the fact, that American
Commerce has been very much
depressed on the West Coast of Africa
by the continuance of the War Tax
of one cent gold per pound weight on
Groundnuts or Ground Peas.

This tax was imposed during the
Rebellion of the Southern States -
the high prices then current in the
United States for this article enabled
Importers to pay it easily, but when
prices fell very low and this duty

To The Honorable
Hamilton Fish
Secretary of State

around

amounts virtually to a prohibition.
American Goods can be imported
via France and England and
bartered for Groundnuts to better
advantage than, the same articles
can be imported direct from the
United States and bartered for
Groundnuts to be imported here in
return.

I have the honor to acknowledge
the receipt of Circular No. 27 in which
my attention is called to the fact
that no account of the returns of

may be accounted for by the fact
that this Port was left from October

of the non receipt at the proper time

I have always given them
to the Captains of vessels as I have
seen that it would not arrive in

from there to the United

The fault lays with the Captains of American Vessels who when they have a super cargo on board hand their papers to him and thus they are received by the Collector through the Shippers of the goods when they choose to send them instead of the Captain delivering the letter given to him to the Collector of the Port.

Mr Ride's contention is, that

Sir

Having been called upon by the Customs Authorities of this Port, for payment of Tonnage Dues of one shilling and sixpence per ton, on the bark "Jennie Cushman" of Boston U.S.A to my consignment. I demurred to the payment thereof for the reason that I had paid in January last the Tonnage Dues, upon the said vessel for the current year in conformity with the Statutes then in force, and was informed by the Acting Collector that he could not clear the vessel unless this demand was paid. I have therefore made payment of this day of Tonnage Dues upon said bark "Jennie Cushman" under protest and desire to bring this matter to your notice as a breach of implied contract, and an unjust exaction.

Hoping you will take such notice of this matter as may be necessary and expedient

Sir

I have the honor to enclose for
your Excellency's information Copy
of a letter received today at this
Consulate from Mr. J. Rider an
american citizen and consignee of
the American bark Jennie
Cushman of Boston, in which he
complains that, having paid the
tonnage dues on this vessel in
January last, for the whole of the
year 1874 under the tonnage
Ordinance (Section 4) of the 18th April
1860 then in force he was yesterday
called upon by the Custom House

a second tonnage due, under the ordinance of the 31st March 1874 upon the same vessel, within the year, for which he has already paid

Therefore other American vessels, that, like the Jennie Cashman have already paid the annual tonnage for the current year, and will on their return within the year, have the same cause of complaint

I respectfully submit that there exists just and equitable reasons for seeking relief from your Excellency from this second payment by vessel that have ~~already~~ paid for as much as the tonnage imposed under the 4th section of the ordinance of the 18th April 1860

was an annual charge which
having been once paid gave
vessels the right to enter all the
year for which the payment was
made free from a repetition of
the Charge, it thus became a
tacit agreement between the
Government & the ship owners
who upon the faith of it

Chartered his vessels and made
his engagements it is therefore
hard upon him to pass an
ordinance & to give it retrospective
effect, tho' it is not so expressed
in the ordinance itself.

high Consideration

You are aware that the question was brought by me before the Council and that the opinion of the Chief Magistrate was that the provisions of the new Tonnage Ordinance are imperative and that the Council agreed with me that it would be equitable to refund the sum of six pence in the case of vessels which had paid the annual Tonnage duty of 2s. under the ordinance of the 10th April 1860

I enclose the affidavit of Frank Price

There being no prospect of an early vessel from here to the United States and the man being sickly I deemed it better to pay his passage to Liverpool and did so accordingly.

Sir,

I am in receipt of your letter of the 12th November last, requesting me to inform the Treasury Department why no fees were taken by me from the "Mary Allerton", and other American vessels entering this port from 1st January to 30th June 1880. —

The reason I made no charge for fees is that having tendered my resignation as Vice Consul I did not think myself legally entitled to do so tho' as I did the work morally, perhaps I might have done so.

Sir

I have the honor to forward you account of expenses incurred for the maintenance and passage money of Four destitute American seamen.

The men as you will see by the enclosed papers were sailors from the American schooner Daniel Webster which vessel was condemned at Gorce.

I applied to Captⁿ Rider the agent for Mr. F. C. Butman for a passage for them in the Jennie Cushman but he replied that she was to call at several ports on her way home, so that he could not take them. he told me she would go

to the Islands after calling at Gorée &
St. Louis and as there was then a vessel
bound there I thought it best to send the
sailors on, as vessels to & from the United
States are more numerous there than here &
the three of the men being natives of the
Islands they will no doubt stop there.

I thought it better to send them there than
incur the heavy expense of sending them to
Europe as vessels for the United States
are very scarce.

I have to inform you that I have drawn
upon you in favour of Capt. J. J. Rider
at 15 days sight the sum of \$115.75 as per
inclosed accounts.

of the crew (being all but the mate) came to the Consulate and made oath that it was not safe to go to sea with such a man in command. they further stated that he had been drunk nearly all the voyage from Boston to Capot de Verd Golands and here. the steward complained of ill-treatment stating that the Master had knocked him down with his fist, and afterwards kicked him, and refused to allow him to see either a doctor, or myself. they demanded an enquiry. from what I know myself would have justified me in taking the command away from the man. but I deemed it better to hold a Court of Enquiry. it was only on my writing and threatening to send four policemen if he did not obey my order to come ashore that he did so. I talked and reasoned with the crew and tried all my best to settle the matter without holding a Court by getting the Master to promise to reform, but the crew were

very firm and insisted on an enquiry -
I held it, and upon the evidence of the
Master which I am sorry to say did
not agree with what he had told me
previously and stating that he should
not be afraid to proceed to sea with
Mr. Cheham as Master - the Court
acquitted him with a very severe
reprimand, but taking into consideration
that the crew were quite justified in
demanding an enquiry after the
manner the Master had conducted
himself - the court decided that
Mr. Cheham should pay the costs,
he seemed to consider himself fortunate
in being let off so easily.

He was most insolent to the
Customs officials - calling the Chief
Clerk a "damned nigger". The consignees
had to beg and pray of this official
not to report the matter officially
to me.

The enclosed
is a specimen of the letters I received.

I beg to enclose the original
declaration made by the crew

letters. The consignees complained
and on the 3rd November Four-fifths

of the crew (being all but the mate) came to the Consulate and made oath that it was not safe to go to sea with such a man in command. They further stated that he had been drunk nearly all the voyage from Boston to Capot de Verd Islands and here, the steward complained of ill-treatment stating that the Master had knocked him down with his fist, and afterwards kicked him, and refused to allow him to see either a doctor, or myself. They demanded an enquiry. From what I know myself, would have justified me in taking the command away from the man. but I deemed it better to hold a Court of Enquiry. it was only on my writing and threatening to send four policemen if he did not obey my order to come ashore that he did so. I talked and reasoned with the crew and tried all my best to settle the matter without holding a Court by getting the Master to promise to reform, but the crew were

very firm and insisted on an enquiry -
I held it, and upon the evidence of the
Master which I am sorry to say did
not agree with what he had told me
previously and stating that he should
not be afraid to proceed to sea with
Mr. Chesham as Master - the Court
acquitted him with a very severe
reprimand, but taking into consideration
that the crew were quite justified in
demanding an enquiry after the
manner the Master had conducted
himself - the court decided that
Mr. Chesham should pay the costs,
he seemed to consider himself fortunate
in being let off so easily.

He was most insolent to the
Customs officials - calling the Chief
Clerk a "damn nigger". the consignees
had to beg and pray of this official
not to report the matter officially
to me.

The enclosed
is a specimen of the letters I received.

I beg to enclose the original
declaration made by the crew

and proceedings of the Court
Trusting you will consider
that I acted for the best.

Dear Sir

This is to certify in the

resident

Captain Duncan Black, Master of the
British Steam Ship Commerce
Captain Delaney G. Trepp, Master
of the British barque Deucalion

The declaration of Frederick, otherwise Frank
Keys and the other deponents having been
read. the first witness called was

Frederick Keys, sworn. My name is Frank
Keys, Cook and Steward of the steamer
Loa, now lying in this port. I appeared
before you the V.C. yesterday and made
a declaration in oath. The documents
shown me bears my signature. In the
22nd or 24th of October the Captain (Wm
Chisham struck ^{me} for refusing to give
him a denigom of his belonging to a
passenger. While I was on deck I slipped
from the effects of the blow near the pump
and while I lay on deck he kicked me

in a most violent manner. I cannot say in what part of the body I was kicked. I was bleeding freely and the Captain ordered me to be placed in irons and I was put down in the Lazaretto. where I was kept until 8 o'clock the next morning. It was about 7.30 in the evening that the Captain kicked me. Just before I was released the mate came to me and asked me where I had put the demijohn of Wine, and I asked the mate who had sent him for it and he told me the passenger had sent for it. I told the mate where he could find it. The Captain has been in a constant state of intoxication ever since he left Boston. On Thursday the 26th of October the Captain came on board the vessel then lying at anchor at Bathurst at 4 A.M. I was sleeping on deck in a sail. He wanted to ~~kick me~~ and he then called me aft to the Cabin. He ordered or asked me to go on deck. ~~So~~

By the Court. I cannot say whether he asked or ordered me I was too bad at the time.

& by the Captain. You were drunk from the time you left Boston.

Mr Joseph Miller claimed at this point to attend the Court as the adviser of the Captain.

The Court disallows Mr Miller's claim, & that of the Witness Frederick Key confirmed by the Captain.

I did not tell you that I would not
feed the Custom House officers but I
told you that if they wanted meals they
must come at proper times.

Feed the Keep

Charles^{Mc} Kiskey sworn.

My name is Charles Mc Kiskey. You
was shipped at Boston as able seaman on
board of the Schooner Mauna Loa, com-
manded by Captain Chesham and lying
at anchor in this port. I am now acting
as second mate of this vessel and I am
afraid to proceed ^{to us} in the voyage to Boston
so long as the present Captain is master
of the vessel. I never saw the Captain sober since
24 hours off the vessel ^{left} Saint Vincent until last night.

He was sober when I saw him last night.
On the passage between Porto Praya to this
port I saw the Captain knock the cook
and steward down and kick him. He
knocked him down with his fist. My
reason ^{not demanding it safe} for ~~refusing~~ to go on board the ves-
sel for a voyage from this port to Bos-
ton are the assaults that have been com-
mitted on board the ship.

Charles Mc Kiskey

Bernhard Birkelsen sworn

My name is Bernhard Birkelsen, I am a Norwegian,
You I am able seaman on board the vessel

Manna Loa, of which the gentleman I see in Court is the master ^{I do not know his name} the vessel is now anchored in this port. I joined the remainder of the crew in making a complaint to the Vice Consul respecting the conduct of the Captain. "~~refer to the document signed this day~~ Captain W. H. Chastana. I have signed the document shown to me and the signatures shown to me is in my hand writing. I confirm all that is stated in that paper.

Carl Weber sworn,

My name is Carl Weber, I am a German of Rostock. I am ordinary seaman on board of the vessel 'Manna Loa'. I do not know the name of the Captain, - the gentleman I see in court is the Captain, the vessel is now at anchor in this port. I wish to repeat to the Court the words which I told the Vice Consul of my own free will this morning. - The document shown me is the document I signed, and I recognize the signatures thereunto attached as being in my handwriting. ~~The document~~

Asked by the Court. Why having been in that port a whole week you never came to inform the Council of the Conduct of the Captain.

Answer of Frederick Keys. Two or three days elapsed before we were alongside the wharf. I did not want to put the Captain into trouble.

Answer of Charles McKissey. I did not intend coming to report the case to the Council unless the Captain had broken out again, and the reason why I did not join the others in coming to the Council was that I have been the only white man on board the vessel during the last two or three days.

xnd by the Court. I was the only member of the crew left on board the ship.

Answer of Bernhard Berthelsen (Charles McKissey)

The three of us, Keys, Weber and myself were some days consulting together and it was some days before we could make up our minds to report the case to the Council.

Called by Capt. W. H. Chisholm

Charles Hervey Atwood sworn

My name is Charles Hervey Atwood. I am a citizen of the United States. I am chief mate of the 'Mannahoa' commanded by W. H. Chisholm, now lying at anchor in this port. ^{As by the Captain} I cannot say the number of times I have seen you drunk on board your vessel. I have seen you when you were not in a fit and able to take care of the vessel. I have only seen you unfit to take care of the vessel once. I cannot remember the date. It was only during about three hours that you were unfit to take care of the vessel. I have only been with you on board the 'Mannahoa'. The schooner was alongside the wharf the next day after her arrival in this port. I do not consider I should be running any risk in going to see with you. ~~There were made up their minds to come to the Court to make their complaint yesterday afternoon.~~ I knew of the men coming to make their complaint to the Consul yesterday day afternoon.

By the Court. Is it your opinion that the Captain is a fit and proper person to navigate the vessel to Boston? Answer My opinion is that he is a fit and proper person. Q Do you think that you or any of the crew are running any risk of life by leaving this port for a voyage to Boston on account of Captain Chisholm being in command of the vessel. Answer My

7
opinion is that we are not.

Chas B Sturrod

Joseph Miller sworn.

My name is Joseph Miller. I am a British subject. I am one of the firm of Messrs Fopp Miller & Co, of Bathurst, the consignees of the American Schooner Mammachoa, now at anchor in this port. The vessel is commanded by W. B. Chesham. Examined by Capt. Chesham. I have no fault to find with him except that the vessel having been ready to be dispatched in the afternoon 1st of November and in consequence of your refusing to come on shore to clear the vessel she is still in port.

By the Court:—

Do you suppose that the cause of the captain neglecting to come on shore to clear his vessel was his being in drink?

I could not say:— I have not seen the Captain until today since the afternoon of the 31st of October when his vessel was alongside the wharf.

When you then saw him, was he in a fit and proper state to conduct business? As far as I could judge he could have conducted his business if he wished.

J. Miller.

The captain said he had nothing to say.

Decision of the Court:-

The Court after taking into careful consideration the evidence laid before it, has found the charges brought against Captain W. H. Chesham by four fifths of his crew fully proved. But in taking into consideration the statement on oath of Mr. Atwood the Chief mate that he is not afraid to proceed to sea in the vessel under the command of the said Captain W. H. Chesham, - ~~and~~ -

decides that Capt. W. H. Chesham be severely censured, and condemned to pay the cost of the present Court of Enquiry, seeing that all the allegations made before the Acting Vice Consul of the United States of America have been fully substantiated by the evidence laid before the Court.

That Captain W. H. Chisham, at

in this port is not in a fit state to
navigate the said vessel of which the
deponents form part of the crew,
and that the said Captain W. H.
Chisham has not been fit so to do
ever since his arrival in this port.

They further declare upon oath that
the said Captain W. H. Chisham has
been

being in a constant state of intoxication both during the voyage out from Boston and during the vessel's stay at this and the other ports of call, being never sober when he can by any means obtain drink.

The first deponent, Frank Keys further states upon oath that on the evening of Sunday the 21st of October last the said Captain W. H. Chesham, having ordered him to take for his use some wine out of a demijohn belonging to a passenger, and he the said Frank Keys having refused to do so, the said Captain W. H. Chesham knocked him down and kicked him until he was covered with blood, afterwards causing him to be placed in irons, and so kept until the following morning.

In witness whereof the said deponents, Frank Keys, Charles McKinstry, Benjamin Berchman and Carl Weber
